

# SMOOTHIE Water Pumps

## Small Block Chevrolet

- New aluminum “SMOOTHIE” water pumps have a distinctive flat top casting
- Sleek pump design is perfect for OE performance car restorations
- Available in chrome plated, polished, black powder coated or as cast finishes
- Ideal for high performance muscle cars, street rods and customs
- Low cavitation SuperCool impeller increases water flow by 30% to drop coolant temperatures by up to 20 degrees
- All pumps have heavy duty ball/roller bearings, a high strength steel center shaft, premium seals and a spin balanced fan hub designed for high RPM engines
- Includes heater hose nipple or plug where applicable and water pump gaskets
- Made in USA from 100% new components

### Applications

1955-71, short aluminum, 5.659" hub height, 5/8" pilot		1987-95 V6-V8 TBI rev rotat, long style, 6.932" hub, 5/8" pilot
