

HIGH OUTPUT ALTERNATORS FOR CHRYSLERS

- 100 or 60 amp output with either a single or double V groove pulley
- Your choice of **OEM** or **1-wire** hookup which simplifies installation and eliminates messy wiring harness
- Heavy duty ball bearings, thick copper wound coils, spike resistant diodes and voltage regulator provides **extreme dependability**
- Internal cooling fan prevents overheating
- Made from **100% new components**
- Ideal for muscle cars, hot rods and customs

**QUALITY MADE
IN USA**

**OUR CHROME WILL
GET YOU HOME!**
