

MOPAR Alternators

130 AMP Brute!

Original Style Cases

**QUALITY MADE
IN USA**

Chrome alternator shown

- Your choice of single or double V groove pulley and OEM or 1-wire hookup which simplifies installation and eliminates messy wiring harness
- Heavy duty ball bearings, thick copper wound coils, spike resistant diodes and voltage regulator provides **extreme dependability**
- Internal cooling fan prevents overheating
- Made from **100% new components**
- Ideal for muscle cars, hot rods and customs

Enough juice to power all of your electrical needs such as Electric Fans, Stereo Amps and Electric Water Pumps
